In general it was pretty positive, I'm really on the right track, I only have to explain more at some points and add some stuff that I forgot.

Checkpoint 4 SC talk 17-04-2025**Vlam, Joëlle J.B. de** 2 months ago

We talked about how it was going and if I understood everything I had to do for the project and my portfolio.

I didn't have any questions and everything was clear for me.

I'm on schedule for how far I have to be now.

And we are gonna use the method she explained earlier in the morning in her workshop.

Also I found it great that I got feedback in bulletpoints under my learning outcomes so I know what I have to do per learning outcome.

Checkpoint 3 Portfolio review Petra / Jan 10-04-2025**Vlam, Joëlle J.B. de** 2 months ago

I got the second assessment of my portfolio. For my iterations in LO 3 I got the feedback that after I get feedback on for example my posters I don't only have to make an iteration on the feedback but when I get feedback I have to make a decision and then make another poster. that's more of an iteration.

For LO 4 I need to have a research question and based on that I have to do my interview and research otherwise the answers can be very different to what we want it to be.

I went to Petra to ask feedback about the poster because we didn't really have an idea of what we have to make.

she said we had to add more pictures to make it more visuable and when people walk by they don't have to read a lot and they just have to look at it. We went to the location of IMA projects, so we also have pictures of the location, We can also use these in the poster.

Checkpoint 1 Formative Assessment 1 - Jan & Petra 13-03-2025

Vlam, Joëlle J.B. de 3 months ago

I just had the formative assessment with Jan and Petra. They told me I didn't have a reading file and that I really had to read the READ ME part from the modules because they basically just gave the answers to a test. for every proof for the learning outcomes I had one sentence of why I did the specific thing, but I have to explain it more properly. Ask the question why I choose to do something and how I did it. Just tell more about my own work.
